

## FIELD TECHNICIAN

### Employment Opportunity:

Pro Tapping, Inc. specializes in working on live and pressurized pipelines without shutting down the piping systems or services. Inserting new valves, making new branch connections or modifying piping systems with no system downtime. We perform these services while the piping systems remain live and under working pressure saving our customers time and money! Our services include Hot Taps, Wet Taps, Line Stops, Pipe Freezes and Valve Insertions. When faced with a no-shutdown piping situation, Pro Tapping's almost four decades of "Commitment To Excellence" gets the job done right. We provide our knowledge and expertise to nuclear facilities, underground and mechanical contractors, municipalities, refineries, pharmaceutical facilities, buildings, hospitals and steel mills throughout the United States. Pro Tapping is available 24-7 to our customers 365 days of the year. We are looking for a reliable **Field Technician** who can perform an array of duties in a fast-paced, positive work environment.

### Job Description:

We are looking for a full-time **Field Technician** who is reliable, takes pride in their work and will do what it takes to get the job done right with an immediate start date.

Through on-the-job training provided under direct or general supervision, the field technician will perform all duties required to complete our services: insert valves, make new branch connections, probe installations, and pipe freezes. In addition, the technician will acquire the knowledge and understanding of the industry. The technician will be responsible for following all company safety rules, as well as adhering to all other policies.

### Requirements:

- Must possess a valid driver's license and be in good standing with Motor Vehicle
- Must pass drug and alcohol tests, and background check
- Construction and mechanical background with piping experience is helpful, but not required
- Ability and willingness to work different AM start times and be punctual
- Must be willing to work overtime and be available for after-hour emergency services when necessary
- Ability and willingness to work in a variety of work environments including outdoors
- Develop ability to respond to customer requirements and address problem-solving aspects of all fieldwork to determine solutions
- Responsible and accountable for basic shop operations

### Benefits & Salary:

- Health, dental & vision insurance
- Retirement plan (Simple IRA w/ company match)
- Life & disability insurance
- Paid vacation
- Minimum (8) paid holidays
- Holiday bonus
- Annual raises
- Starting salary based on experience. Salary increase guaranteed once trained and able to perform any one of our services independently.
